Jad Elsaghir

(313) 310-2375 | Detroit, MI | jadelsaghir0@gmail.com | jadelsaghir.com | https://www.linkedin.com/in/jadelsaghir0/

EDUCATION

The University of Michigan - Ann Arbor | Master of Science in Industrial and Operations Engineering **May 2027**
Admitted to Tauber Institute For Global Operations
Relevant Coursework: Manufacturing & Supply Operations, Project Management, Risk Analysis, Global Operations

The University of Michigan - Ann Arbor | Bachelor of Science in Biology, Health, and Society **May 2024**
Relevant Coursework: Calculus II, Applied Linear Algebra, Multivariable & Vector Calculus, Principle Economics II

WORK EXPERIENCE

STELLANTIS **Detroit, MI**
Industrial Engineer | General Assembly *March 2026 – Present*

- Implemented Lean continuous improvement initiatives across **18** General Assembly teams, partnering with production leadership to optimize workflows and resolve operational bottlenecks
- Delivered over **$800K** in annualized cost savings by executing Lean manufacturing initiatives, including line balancing, time studies, workstation redesigns, material waste reduction, and supplier cost optimization
- Managed **10** cross-functional projects spanning manufacturing, maintenance, tooling, logistics, and suppliers, driving workstation relocations and process changes that reduced waste and improved line efficiency

MAYO CLINIC **Rochester, MN**
Management Engineer *August 2024 – August 2025*

- Analyzed end-to-end workflows supporting **800+** diagnostic tests per day, using operational data to identify process delays, high-volume work queues, and opportunities to improve laboratory throughput
- Redesigned testing workflows by evaluating process sequencing and workload distribution, reducing patient result turnaround time by **12** hours and improving flow through high-volume diagnostic operations
- Optimized reagent utilization and lab workflows, reducing waste by **12%** and generating approximately **$150K** in annual savings

PROJECTS

MILEAD CONSULTING GROUP **Ann Arbor, MI**
Consultant *September 2026 - Present*

- Collaborated with project teams to analyze complex business challenges, develop data-driven strategies, and deliver actionable recommendations to improve client operations and organizational performance.

MICHIGAN MEDICINE **Ann Arbor, MI**
Consultant *August 2026 - December 2026*

- Assisted in the operationalization of a standardized Safe Patient Handling and Mobility (SPHM) model across Michigan Medicine, optimizing clinical workflows, equipment utilization, and staff training to improve operational efficiency and reduce workplace injuries

02 CONSULTING **Detroit, MI**
Founder & Operations Consultant *May 2026 – Present*

- Founded an initiative applying Lean and Industrial Engineering principles to improve Metro Detroit small business operations, identifying over **$10,000** in estimated annual cost savings

CERTIFICATIONS

Stellantis | Lean Six Sigma Green Belt July 2026
Mayo Clinic | Silver Quality Essentials January 2025

SKILLS

Technical: C++, Python, SQL, Tableau, Microsoft: Excel, Word, PowerPoint, and Azure, LLM Prompt Engineering
Analytical: Capacity Planning, Continuous Improvement, Inventory Optimization, Lean Manufacturing, Line Balancing, Operational Excellence, Process Optimization, Production Planning, Time Studies, Value Stream Mapping, Work Measurement
